

2020 Summer Day Camps

Experience, Discover & Explore the Great Outdoors!

Our camp sessions focus on different nature-related themes with hands-on science investigations! Limited scholarships available.

We are following Placer County's COVID-19 protocol.

Mask, gloves and hand sanitizer will be provided.

Camp Dates & Themes:

If you would prefer a five-day camp - let us know!

Date	Theme	Time
June 11&12	Counselor Training (ages 13+)	8:30am-11:30am
June 16-18 (3 days)	Dirt Made My Lunch (ages 6-12)	9am to 1pm
June 23-25 (3 days)	Flutterbys (ages 6 –12)	9am to 1pm
June 30-July 2 (3 days)	Howlers (ages 6-12)	9am to 1pm
July 7-9 (3 days)	Prehistoric Creatures (ages 6-12)	9am to 1pm
July 14-16 (3 days)	Mighty Minerals + Radical Rocks (ages 6-12)	9am to 1pm
July 21-23 (3 days)	Water Worlds: In the Flow (ages 6-12)	9am to 1pm
August 4-6 (3 days)	Environmental + Wilderness Leadership (ages 11+)	9am to 1pm

Camp Fees: Due at the time of registration!

General admission

3-day class: \$150

PNC members

3-day class: \$130

Small Groups:

Only 8 campers per group to ensure safety.

Inclusive Environment:

Each camper gets individualized attention and encouragement.

Fun Learning:

Each camp incorporates art, structured and unstructured play, music, and theme-related science experiments.

For each day of camp, make sure your child:

- is dressed appropriately for playing outside - clothes that can get dirty and comfortable, closed-toed shoes for light hiking and playing
- has a reusable, durable water bottle
- has a sack lunch

2020 SUMMER CAMPS - PLACER NATURE CENTER

DIRT MADE MY LUNCH (Ages 6-12)

June 16 - 18, 9-1pm

Come learn about the flora and fungi that sustain us and the ecosystem, and all the ways they benefit our lives.

We will get our hands dirty in the garden, learning about different plant parts, how plants transform solar energy into chemical energy, and how we can help plants grow with sustainable (and regenerative) practices.

FLUTTERBYS (Ages 6-12)

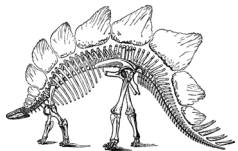

June 23 - 25, 9-1pm

Do you know the order of the honeybee hive? Or what their dance means? Get your insect nets and bug viewers, because we're going on a scavenger hunt! We will learn about life cycles, inspect insects and explore the pollinators' habitats. We will trap specimens to study but will always do an insect release ceremony!

HOWLERS (Ages 6-12)

June 30 - July 2, 9-1pm

Can you howl like a coyote or walk like a fox? Explore our local foothill mammals! Learn to identify animal trails, tracks, scat and more! Examine different mammal skulls, teeth and adaptations. Feel the fur of our mammals big and small!

PREHISTORIC CREATURES: ON THE GROUND, IN THE AIR AND WATER (Ages 6-12)

July 7 - 9, 9-1pm

Dinosaurs are everywhere - and not just on the land, but in the sea and in the air! And they're not just a thing of the past - dinosaur descendants may be living in your backyard! Come learn about the prehistoric creatures that once roamed the land. We will investigate their behaviors, adaptations and habitats on ancient Earth.

MIGHTY MINERALS + RADICAL ROCKS (Ages 6-12)

July 14 - 16, 9-1pm

Dig this! From earthquakes to erupting volcanoes, and meteorites to crystals, rocks are all around us. We will dig into geological studies of the rock cycle, fossils and minerals, and how they have shaped the living world around us. Geology will rock your world!

WATER WORLDS: IN THE FLOW (Ages 6-12)

July 21 - 23, 9-1pm

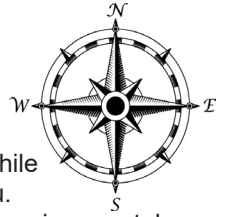

Immerse yourself in the world of water! We will learn about how humans are a part of the water cycle, and how we influence the Earth's most limited resource. Exploring the local watershed, we gain insight into how we can help protect and conserve the water that gives us life.

ENVIRONMENTAL AND WILDERNESS LEADERSHIP (Ages 11+) August 4-6, 9-1pm

A camp designed for young activists and naturalists! Come gain leadership skills while learning more about the world around you.

We will explore the changing climate and environmental issues facing California Agriculture, and how they affect the foods we eat, alternative energy and its impact. We will learn wilderness leadership skills, tricks for surviving in the wild, and about native life ways. Doing nature crafts, and playing games, we hone our senses and build environmental awareness. This camp is designed for young naturalists who want to deepen their relationship to the natural world.

TEEN VOLUNTEERS NEEDED!

Placer Nature Center is looking for teens to help at our Summer Day Camps!

- Are you 13 to 18 years old?
- Do you want to enrich your leadership skills?
- Do you want to earn community service hours?
- Do you want experience working with children?
- Do you want to have fun and learn at the same time?

If you answered "yes" to any of these questions, then consider being a teen counselor at Placer Nature Center this summer.

Teen camp counselors guide the camp participants through nature investigations, nature games and crafts, and lead nature songs and puppet shows for the children. We will explore the foothill ecosystems so we can share Earth's natural phenomenon with younger generations!

2020 TEEN COUNSELOR TRAINING:

June 11th & 12th, 8:30-11:30am (required)

Learn about camp activities, the nature trail, and your role as camp counselor.

SIGN UP!
