

2023 Summer Day Camps

Experience, Discover & Explore the Great Outdoors!

Our camp sessions focus on different nature-related themes with hands-on science investigations!

Limited scholarships available.

*We are following Placer County's COVID-19 protocol.
Masks, gloves and hand sanitizer are available.*

Camp Dates & Themes:

Date	Theme	Time
June 7 & 8	Counselor Training (ages 13+)	9:30am-12pm
June 13-15 (3 days)	Dirt Made My Lunch (ages 6-12)	9am to 1pm
June 20-22 (3 days)	Pollinators, Pests and Predators (ages 6 –12)	9am to 1pm
June 27-29 (3 days)	Howlers (ages 6-12)	9am to 1pm
July 4-6 (3 days)	Dino Days: Prehistoric Creatures (ages 6-12)	9am to 1pm
July 11-13 (3 days)	Geology Rocks (ages 6-12)	9am to 1pm
July 18-20 (3 days)	Water Worlds (ages 6-12)	9am to 1pm

Camp Fees: Due at the time of registration!

General admission

3-day class: \$175

PNC members

3-day class: \$150

(See the Membership page on our website to learn about Membership perks!)

Small Groups: *Small camper to counselor ratio to ensure safety and engagement with counselors.*

Inclusive Environment: *Each camper gets individualized attention and encouragement.*

Fun Learning: *Each camp incorporates art, structured and unstructured play, music, and theme-related science experiments.*

For each day of camp, make sure your child:

- is dressed appropriately for playing outside - clothes that can get dirty and comfortable, closed-toed shoes for light hiking and playing
- has a reusable, durable water bottle
- has a sack lunch

2023 SUMMER CAMPS - PLACER NATURE CENTER

DIRT MADE MY LUNCH (Ages 6-12)

June 13 - 15, 9-1pm

Come learn about the flora and fungi that sustain us and the ecosystem, and all the ways they benefit our lives.

We will get our hands dirty in the garden, learning about different plant parts, how plants transform solar energy into chemical energy, and how we can help plants grow with sustainable (and regenerative) practices.

HOWLERS (Ages 6-12)

June 27 - 29, 9-1pm

Can you howl like a coyote or walk like a fox? Explore with our local foothill mammals! Learn to identify animal trails,

tracks, scat and more! Examine different mammal skulls, teeth and adaptations. Feel the fur of our mammals big and small! Predator vs. Prey, who is best equipped to survive in the Sierra Foothills?

DINOSAUR DAYS: PREHISTORIC CREATURES (Ages 6-12) July 4 - 6, 9-1pm

Dinosaurs are everywhere - and not just on the land, but in the sea and in the air! And they're not just a thing of the past - dinosaur descendants may be living in your backyard! Come learn about the prehistoric creatures that once roamed the land. We will investigate their behaviors, adaptations and habitats on ancient Earth.

GEOLOGY ROCKS (Ages 6-12)

July 11 - 13, 9-1pm

Dig this! From earthquakes to erupting volcanoes, and meteorites to crystals, rocks are all around us. We will dig into geological studies of the rock cycle, fossils and minerals, and how they have shaped the living world around us. Geology will rock your world!

WATER WORLDS: IN THE FLOW (Ages 6-12)

July 18 - 20, 9-1pm

Immerse yourself in the world of water!

We will learn about how humans are a part of the water cycle, and how we influence the Earth's most limited resource. Exploring our local watershed, we gain insight into how we can help protect and conserve the water that gives us life. Our water fight is in the garden!

POLLINATORS, PESTS AND PREDATORS (Ages 6-12)

June 20 - 22, 9-1pm

Do you know the order of the honeybee hive? Or what their dance means?

Get your insect nets and bug viewers, because we're going on a scavenger hunt! We will learn about life cycles, inspect insects and explore the pollinators' habitats. We'll also be learning about other important invertebrates: the predators and decomposers! We will trap insects to study but always release them.

TEEN VOLUNTEERS NEEDED!

Placer Nature Center is looking for teens to help at our Summer Day Camps!

- Are you 13 to 18 years old?
- Do you want to enrich your leadership skills?
- Do you want to earn community service hours?
- Do you want experience working with children?
 - Do you want to have fun and learn at the same time?
- Do you want to spend your summer outdoors?

If you answered "yes" to any of these questions, then consider being a teen counselor at Placer Nature Center this summer.

Teen camp counselors guide the camp participants through nature investigations, nature games and crafts, and lead nature songs and puppet shows for the children. We will explore the foothill ecosystems so we can share Earth's natural phenomena with younger generations!

2023 TEEN COUNSELOR TRAINING:

June 7th & 8th, 9:30am-12pm (required)

Learn about camp activities, the nature trail, and your role as camp counselor.

SIGN UP!
